

ARCHITECTURAL
FRAMING
SYSTEMS

A close-up photograph of a modern window frame. The window is set into a light-colored wall and has a dark, multi-track aluminum frame. The frame is partially open, revealing a view of a bright, sandy beach and the ocean. The window is set against a background of vertical red wooden siding. The overall aesthetic is clean and contemporary.

LIFESTYLE™
AWNING/CASEMENT WINDOW
140 System

AFFORDABLE QUALITY

Lidco's Lifestyle™ Awning/Casement window has been developed to provide a quality, affordable and versatile range of windows, designed to meet current architectural trends and performance requirements. Lifestyle™ windows are ideally suited for residential housing and low rise residential units.

The system offers the choice of 41mm or 100mm framing options, where sashes can be installed on friction stays or on a continuous hinge incorporating chain winders.

Insect and safety screens can be installed from inside the building offering extra security and convenience for cleaning. The system uses the latest in window drainage design and incorporates durable sash seals to protect your home from dust and moisture.

The system is engineered to be manufactured in various framing arrangements including awning, casement and fixed combinations. The system accepts glazing ranging from 4mm to 6.38mm.

FEATURES:

- Accepts glass thickness from 4mm–6.38mm
- Various screen options
- Range of heavy duty mullion options for high wind locations
- Choice of locking options
- Continuous hinge or stay options
- 41mm frame size – able to couple with Lidco's Lifestyle™ Sliding Window (112 System)
- 100mm frame size – able to couple with all Lidco 100mm frame systems
- Available in various powder coat and anodised finishes

With over 60 years experience in the architectural building industry, Lidco is one of Australia's market leaders in the development, commercialisation and distribution of architectural framing systems.
